for the love of alas large lumber
this touched in her swam whereby the ungentleman in question
he me lusted me in my virates
sleep suffer tan please
a gray that shall leave in infamy
merry crack phrasins avoid

jarl van lootstoof fondled his meagre inheritance
till ~~xxx~~ is beaks thru a hole in a sat
limperpiss
divine knotty boy before god & eagle
cast a sigh for a life on the margins of panties of art school girls
